Mission Trip Dates	**Arrive:**	**Depart:**

Many diverse job assignments are always available. Several skills of various levels are continually required. Many job assignments require no special skills—just a willingness to serve God as led. These includes assembling kits, maintenance of grounds, housekeeping, depot labor, painting, and helping skilled positions as directed. Other work assignments requiring special skills make up the rest of our needs.

Please List Special Skills …

If your team members have special skills to share (Examples: licensed fork lift operators, licensed plumbers, licensed electricians, experienced carpenters, job estimator, knowledge of Microsoft Office applications, teaching experience, and artistic and or musical talent)
